What is Happening?

Area architects, planners, landscape architects, city planners, residents, business owners and others will be working together to find solutions to the challenges that businesses have in this section of Alcoa Highway.

Come join us at 5 PM to view the solutions developed by these design professionals and give your comments.

Together we can change our community to be viable again.

Brought to you by the **Alcoa Hwy Beautification Council** with the assistance of the **East Tennessee Community Design Center**
